COVERNING COUNCIL
Ninth session
Nairobi, 13-26 May 1981

REPORT OF THE COVERNING COUNCIL OF THE UNITED NATIONS ENVIRONMENT PROGRAMME ON THE WORK OF ITS NINTH SESSION

Corrigendum

Chapter XI

Insert the following new paragraph after paragraph 5:

6. The representative of Bangladesh, referring to paragraphs 51 and 72 of chapter III of the Council's report, emphasized that a UNEP mission had established incontrovertibly that water flow in his country's rivers in the dry season had been drastically reduced, and that pockets of desert were mushrooming in various places. His Government had committed itself to amicable negotiations with its neighbour in order to resolve the dispute which had arisen; at the same time, it was seeking UNEP assistance in dealing with the consequences of the problem, and it was difficult to see why any other country should object to such assistance being granted.

Renumber subsequent paragraphs of the chapter accordingly.
